Catheter User Testimonials

As an intermittent catheter user himself, Bob Yant founded Cure Medical with a patient-centric objective to manufacture superior products at a great value – all while supporting medical research. This unique perspective has resulted in a steady stream of testimonials from Cure Medical catheter users regarding benefits such as:

- Smooth polished eyelets for comfort
- Quality materials – not made with DEHP/DINP*, BPA, or natural rubber latex for increased peace of mind
- User driven innovations for easy open packaging and product developments

Share the good news!

“Our objective has always been to provide a superior product at a great value while supporting medical research. Each week, we receive favorable comments from end users affirming these goals.

I am proud to share actual testimonials from users of Cure Medical catheters – and, I invite you to let us know about your experience with our products.”

Bob Yant
Cure Medical founder
and Cure Catheter® user

“I find your catheter to be **much easier on my body** compared to any others I have used.”

“So soft and smooth ... I didn't even feel the catheter's insertion! **Totally amazing.** Please keep up the great work!”

“Thank you for making my life a little easier. I have been cathing for five years. Your Cure Twist® is **1,000 times better and more convenient** than what I used in the past.”

“I am **very satisfied** with the Cure Catheter®. I never have a problem with them.”

“Since I went to single use (with the Cure Catheter®), I have not had any episodes of infection. **The Cure Catheter® has saved my life.**”

“I have not had any bleeding since I **switched** to the Cure Catheter®.”

“These are the **nicest catheters** I have ever used.”

“The Cure Catheter® is **easier to use** and draining is more complete. Thank you for everything you do!”

“The Cure Catheter® is a **very good product.** I will not use any other kind.”

The following is a continuation of a collection of testimonials from Cure Medical product users regarding their experience with the Hydrophilic Cure Catheter®, Cure Ultra®, Cure Twist®, Cure Medical® Pocket Catheter, Cure Catheter® Closed System, or the Cure Dextra® Closed System.

“ I love the Cure Twist® catheter. And, all of your staff are very accommodating. I can't say enough good things. I have tried many different catheters. I like yours **the best.** ”

“ I like this product and the causes that this company supports. The more **money to support spinal cord research**, the more blessings that will come in the future for patients living with SCI. ”

“ Thanks for the **very good** products. They are **easy to use**. They represent a 'jewel' of inestimable value! I will always use your products. ”

“ The Cure Twist® is **by far the best catheter I have ever used.** It is short enough to carry in my purse and long enough to empty my oversized bladder. The lubrication is just enough to do the job. And, the case gives a sanitary way to dispose of in public. ”

“ I was given samples of various brands (of catheters) by my doctor ... I use the Cure Catheter® and they are **the best.** Thank you very much! ”

“ I use the Cure Catheter®. I am **very happy** with the service and the special attention I get when calling with questions. ”

“ I use the Cure Catheter®. **I love the idea that research is done.** ”

“ After a major bladder operation, the hospital gave me the Cure Catheter®. They are **the best ones I have used.** Others are messy to use and can cause minor pain and bleeding. Thank you for a great product! ”

“ The catheter **comes out smooth.** I'm sure the **polished eyelets** are the reason. Others I have used felt like they scraped me. ”

“ The Cure Catheter® is a **superb product.** ”

“ After trying three brands, the Cure Catheter® was by far **the best.** ”

“ I love them! I cath like I am supposed to now because it doesn't hurt anymore. Thank you. ”

“ I haven't had a bladder infection since I started using the Cure Catheter®. Just **great!** ”

“ I appreciate the Cure Commitment and the fact that my business is going to a good cause in **funding medical research** by using Cure catheters. I've also noticed **I don't get as many infections** when I use Cure Medical catheters. ”
